Editorial Office—309 W. Court St., Cincinnati 2, Ohio

CONTENTS

No. 1, March, 1960

Leaf Spot Disease of <i>Mangifera indica</i> L. Caused by <i>Pestalotia mangiferae</i> Butl.— <i>Arati Sarkar</i>	1
Alkaloid Accumulation in Two Clavine-Producing Strains of <i>Claviceps</i> — <i>L. R. Brady and V. E. Tyler, Jr.</i>	8
Post-Fertilization Studies in the Ovule of <i>Ruellia Tuberosa</i> Linn.— <i>H. Y. Mohan Ram</i>	21
Index to Volume 22.....	28

No. 2, June, 1960

Identification of Rare Florilegia in Lloyd Library— <i>Corinne Miller Simons</i>	33
Preliminary Growth and Nutrition Studies of <i>Amanita Muscaria</i> in Submerged Culture— <i>Leon R. Pacifici, Ralph N. Blomster, Henry J. Lukowski and Arthur E. Schwarting</i>	43
The Non-isotopic Precursor Feeding Technique in the Study of Alkaloid Biosynthesis— <i>V. E. Tyler, Jr.</i>	51

No. 3, September, 1960

Physiological Studies on Salt Tolerance of Crop Plants XV. Influence of Sodium Sulfate on Chemical Composition of <i>Cicer Arietinum</i> Seedlings— <i>M. N. Sarin</i>	65
Early Evolution of Flower Types— <i>E. E. Leppik</i>	72

No. 4, December, 1960

Studies on the Anthracnose Fungus of <i>Hibiscus Cannabinus</i> L.— <i>Arati Sarkar</i>	97
Morphology of the Gametophyte of <i>Quercifilix</i> Copeland— <i>B. K. Nayar</i>	102
Studies on Spirostreptoid Millipeds. V. A Synopsis of the Genus <i>Heteropyge</i> , with some Notes on the Status of the Names <i>Alloporus</i> and <i>Plusioporus</i> <i>Richard L. Hoffman</i>	109
The Thecal Structure of <i>Peridinium Cinctum</i> — <i>G. S. Venkataraman and S. C. Mehta</i>	115
A Compilation of the Volvae of the United States— <i>C. G. Lloyd</i> ...	118
Index to Volume 23.....	141
